My name is Chana Gad. My husband, Assaf ben Malka Ester, was diagnosed with leukemia almost 6 months ago. We were lost since the beginning! So much uncertainty! So much suffering! Baruch Hashem we were introduced to Anrale and his big big - huge project that is darchei Miriam. He helped us with rides to our house that is far far from the hospital and he also made us feel that we are not alone in this new road. My husband has a mother and sister far from here (Rishon leTzion) and are both sick. I converted and moved to Israel 14 years ago. We are alone! ^{not} Surprisingly, I forgot we also have to take care of the house, the cleaning, laundry... Before we had time to think about it, we received the house keeping help! I didn't realize how much I needed it!! ~~thank~~ I want to thank and encourage to keep helping this project, that help us with things that we simply don't manage to reach!! To have a bit of normal life (clean house and clothing for the children).

It is a very hard time indeed, but thanks to all the messengers from the Ribono shel Olam, we are struggling more easily, we know that He is always taking care of us through many different ways. Eize Zechut to be able to be withing the givers!!

My husband, my 5 children and me bless you to

be allways in the giving side!!
